Dear Mr. Treat:

"I can't tell you how pleased I was with the Camporee. I really think it went off beautifully and made countless friends for the Scouts. There never was a nicer bunch of small boys, so beautifully behaved, and yet full of fun, and life. Fully 100 came here yesterday to look at my shells, bathe in the pool, see the parrot, etc., and they could not have been nicer. And as for the ones we had for lunch, they were delightful. If we were having it again tomorrow, people would all be fighting to have them!" I am so grateful to you for all you did to make it such a success.

Yours cordially,

Loeise Crowninshield

Mrs. Francis B. Crowninshield.

P.S. There were left here by Scouts, 1 small jacket, 1 light blue sweater, and 1 pair dark blue socks. If any anxious mother telephones you, I will mail them to her if she will send me a card with her address. One of the Bradenton boys in Troop 16 (Duncan something) lost his neck slide, and seemed to feel very badly about it. I will be glad to replace it if you will order it and let me know how much it is. It was silver, or pseudo-silver.
